The caring childos...

# The Caring Childs...

Courtesy foundation is an Indian non -Government organisation (NGO) that works towards restoring basic rights to survival for underprivileged Indian childrens.

Unusually , the founders of Courtesy foundation choose not to found a grassroots -level implementing organisation working directly with and underprivileged children. Instead, they opted to make Courtesy Foundation a link between the millions of Indians who could provide resources and the thousands of dedicated field workers struggling to function for lack of them. They saw their role as enables and in so doing created an institution that is a unique model of a community movement that takes responsibility for its weakest and most vulnerable members and motivates and catalysis change on their behalf.

Courtesy Foundation works to ensure that all rights are available to all categories of underprivileged children, including street children, girl children, children bonded in labour, children of commercial sex workers. physically and mentally challenged children.

## MISSION

To enable people to take responsibility for the solution of the deprived Indian child and so motivate them to confront the situation through collective action thereby giving the child and themselves an opportunity to realise their full potential.

## OBJECTIVES

To establish and maintain orphanages, Destitute home, Cottages, Creches, Old age homes, Handicapped, Blinds, Hospitals and provide Medical facility to rural and urban slum areas and encourage family planning .

To provide education facilities for the poor childrens by establishing modern educational cultural and vocational training institutions like schools, convents, colleges, industrial technical professional for the advancement of knowledge, run hostels, residential schools and colleges under the Trust.

To fight against child labour

To educate and organize poor women, specially in mother and child care with nutrition food and to form Self Help Groups (SHGs) for empowerment through savings and thrift and to initiate social issues and development programmes for the welfare women.

To provide jobs to un employed youths.

## WHAT DOES COURTESY FOUNDATION DO ?

While we consider the state to be primarily responsible for ensuring the rights of children, we realise that we too have a role to play in impacting policies on issues related to children.

Courtesy Foundation is the link between the child in need, wherever he / she is in India. And you, wherever you are. Courtesy Foundation therefore uses the concern, money and skills of thousands of individuals towards child development projects that are run by committed organisations that strive for child rights.

For every underprivileged child, there are at least a handful of people who want to help. Courtesy Foundation acts as a "link" between two groups:

- a) development organisations and individuals working at grassroots level with underprivileged children and communities

And

- b) People like you who wish to help but don't know how.

## HOW WE WORK:

We work by creating awareness (through our Development Support Team) and raising resources (through our Resource Mobilisation Team) and disbursing them to deserving grassroots initiatives. Apart from these, we have teams working in the areas of organising material donations, developing fund raising products, sensitising specific target audiences and providing information on specific issues.

Internal support functions, like Communications, Human Resources, Finance, Planning and Information Technology, also play a key role in our organisation building efforts.

## DONATE IN KIND :

To provide support in kind to Courtesy Foundation - partnered initiatives, we started a Courtesy Foundation Materials Bank. It's an easy and accessible way for anyone, individual or organisation, to participate.

Any material, in good condition, and useful to organisation is welcome. What is donated will be distributed to initiatives on the field. The Courtesy Foundation partnered initiatives make a nominal contribution of the material that is donated giving value to the material and self-respect to the beneficiaries.

## TO LIST SOME OF THE ITEMS

Cash / Cheque Donations

Educational Material like (Notebooks, Pencils, Erasers and other stationery items)

Health Care Materials like (first-aid kits)

Recreational Materials like (Story Books, Comics, Plastic / wooden toys and so on)
