OF SOLUTION**

The caring child's...

FUTURE

The caring child's...

About us

Courtesy foundation is an Indian non-Government organisation (NGO) which was started in the year 2005 by our Founder in a small way to work towards restoring basic rights to survival for underprivileged Indian children's.

Courtesy Foundation works to ensure that all rights are available to all categories of underprivileged children, including street children, girl children, children bonded in labour, children of commercial sex workers, physically and mentally challenged children.

We work with the child who shapes the future of the society, towards a world where unique differences are appreciated.

Mission

To enable people to take responsibility for the solution of the deprived Indian child and so motivate them to confront the situation through collective action thereby giving the child and themselves an opportunity to realise their full potential.

What does Courtesy Foundation Do?

While we consider the state to be primarily responsible for ensuring the rights of children, we realise that we too have a role to play in impacting policies on issues related to children.

Courtesy Foundation establish Orphanage for children's and Free school providing free books, uniforms and midday meals in all the states of India, Adopts government schools and provide free Note books and uniforms, Conducts Free Health Camps & Aids awareness program.

Courtesy Foundation therefore uses the concern, money and skills of thousands of individuals towards child development projects that are run by committed organisations that strive for child rights.

Objectives

To establish and maintain orphanages, Destitute home, Cottages, Creches, Old age homes, Handicapped, Blinds, Hospitals and provide Medical facility to rural and urban slum areas and encourage family planning.

To provide education facilities for the poor children's by establishing modern educational cultural and vocational training institutions like schools, convents, colleges, industrial technical professional for the advancement of knowledge, run hostels, residential schools and colleges under the Trust.

To fight against child labour

To provide jobs to un employed youths.

How we Work

We work by creating awareness (through our Development Support Team) and raising resources (through our Resource Mobilisation Team).

We are managing all our activities with the support of public & corporate donor's without government aid or foreign funds.

We develop the opportunities towards restoring basic rights to our special children's across India by giving shelter to the orphans and underprivileged children with all facilities.

Words of Gratitude.

None of these micro-miracles would have been possible without the active involvement and support of our thousands of individuals, corporates like you.

We and our organisation children's and the people who are benefitted are very thankful to our individual & corporate donor's for their kind contribution, encouragement, suggestion & valuable support towards the cause.

Well, we are lucky, but let's take a moment to think of all those kids, whose childhoods are not filled with rainbows and butterflies

Achievements of Courtesy Foundation

Courtesy foundation are working with our very special 300 kids and we plan the end of the year 2009 to reach a target of 500 kids.

Courtesy foundation provides basic needs as food, clothing, shelter, education and medical services.
